Our Reference: File E61997

**Subject: Reason that Listed UL508A (CCN: NITW/NITW7) enclosures do not
                    have model nos.**

Dear Mr. Kampa:

You recently asked why enclosure model numbers do not appear on your UL Certification or in the Online
Certification Directory which can be found at **www.ul.com**. Your file E61997 is covered under the
category for Industrial Control Panels, UL category control number (CCN) NITW. This category also
covers Industrial Control Panel Enclosures. NITW is what we refer to as a Type L category.

Products covered under Type L categories are not required to be marked with a Model, Catalog or Part
Number as are products covered under Type R categories (Type R service covers many Listed products
and all Recognized Components (like yours covered under NITW2)). Because of this, we're not allowed to
add Model numbers to our Listing Information System which populates the OCD.

It is important to note that the presence of the UL Listing Mark on the product is evidence that it is
Listed. Appearance of a Model Number in the OCD is not a substitute for that.

Please let me know if you have any questions.

If you have any questions, please do not hesitate to contact us.

Your business is very important to us and if there is any additional information that we may provide to you
about the investigation or UL's other services, please do not hesitate to contact us.

Sincerely,   Reviewed by:

CERTIFICATE OF COMPLIANCE

Certificate Number	20121102 – E61997
Report Reference	E61997 - 19981104
Issue Date	2012-NOVEMBER-02

Issued to: PENTAIR TECHNICAL PRODUCTS

2100 HOFFMAN WAY

ANOKA, MN 55303 USA

This is to certify that representative samples of Industrial Control Panels

Types 3, 3R, 4, 4X, 12, and 12K enclosures and external field installed accessory kits.

Have been investigated by UL in accordance with the Standard(s) indicated on this Certificate.

Standard(s) for Safety: UL 508A, "Industrial Control Panels" and CSA-C22.2 No. 14, "Industrial Control Equipment."

Additional Information: See the UL Online Certifications Directory at www.ul.com/database for additional information

Only those products bearing the UL Listing Mark for the US and Canada should be considered as being covered by UL's Listing and Follow-Up Service meeting the appropriate requirements for US and Canada.
The UL Listing Mark for the US and Canada generally includes: the UL in a circle symbol with "C" and "US" identifiers: c(UL)us the word "LISTED"; a control number (may be alphanumeric) assigned by UL; and the product category name (product identifier) as indicated in the appropriate UL Directory.

Look for the UL Listing Mark on the product.
