Rigid/IMC Conduit Bodies, Covers & Gaskets T&B Catalog Number:

UPC Number: LU67
78620991243
Status: Active
Description:

2 in. Form 7 (LU) Conduit Elbow. For use with rigid/IMC conduit.

Features

BlueKote Teflon based internal finish provides a slick, easy-glide internal surface which significantly lowers the amount of force necessary to pull wires. Eliminates rough internal surfaces that can cut into cable jacket, insulation and conductors during pulling and also reduces installation time and risk of installer strain.

Triple-layer protection...including two layers of epoxy coating which stops corrosion in its tracks.

Application

Conduit bodies are installed in conduit systems to connect sections, act as pull outlets when conductors are being installed and provide easy access for splices in branch conductors.
