

Trac-Master™ Classics Series

Timeless track lighting solutions

JUNO®

Trac-Master™ Classics - Stylish Familiarity

Juno Classics are benchmark fixture designs that incorporate timeless shapes and themes. These simple yet elegant fixtures provide economical track lighting solutions in extremely practical, functional packages. Comprised mainly of gimbal rings, cylinders, and universals, Juno design Classics are offered in a variety

of finishes to suit most any décor. Familiar lines and traditional shapes create levels of visual comfort typically not encountered in more contemporary styles. Primarily designed for PAR and R/BR lamps, these uncomplicated fixture styles offer unpretentious aesthetics that blend well in any environment.

Open Back Gimbals

Gimbal rings are ever popular due to their long-standing use as an economical, general-purpose trac lampholder.

Front Lamping Gimbals

A Juno innovation, the front-loading gimbal-ring combines the practicality, versatility and economy of traditional gimbal ring trac fixtures with a fixed front ring to allow simplified front relamping.

Mini-PARs

Most cylindrical track fixtures pre-date the availability of halogen PAR lamps and are typically sized for the longer incandescent reflector lamps. On the contrary, Juno Mini-PARs are optimized around the shorter dimensions of halogen PAR lamps, thus offering a more contemporary, compact appearance.

Finishes

White (WH) Black (BL)** Satin Chrome (SC)

** Black finish lampholders are supplied with both black and red adjusting buttons.
