Wire Basket Tray

- T-weld edge on top wire protects both the installer and cable from sharp points

- Flexible, field-adaptible system

- 5mm diameter wire provides outstanding load capacity

- 100% domestic recycled steel

- Buy American Compliant/ U.S. Government Procurement-Eligible

FEATURES

Pre-galvanized steel finish

- Clean attractive finish

- No post-production chemical cleaning and plating

- Free from oils, solvents, and soot from welding operation

- Smooth wire surface free of zinc whiskers

- Cleaned after fabrication to remove soot, manufacturing residue, oils, and metallic particles

Other standard finishes:

- Black powder coat paint

- Pewter powder coat paint

- Stainless steel type 304 and 316

- Electro-zinc plating

Custom color paint and electro-zinc finishes are available.

SPECIFICATIONS

Shaped (flat) cross wire design
- Ideal for CAT6A cabling
- Flat shaped profile reduces stress points that may degrade performance
- Unique design (patent pending)
- Uses the same hardware and supports used for round wire tray

STANDARDS/LISTINGS/VERIFICATIONS

- UL Classified and cUL Classified as equipment grounding conductor
Round Style   **Shaped/Flat Style**
Cross sectional view of cross wires.

Shaped cross wires have more surface area and significantly reduces pressure and strain on cables.

Hubbell's wire basket cable tray systems provide superior cable management and protection for electrical power or data communications cabling. Hubbell's wire basket tray system is also field adaptable and is easily installed overhead, on walls, or under floors using various available brackets and supports. Layouts, installations, and changes are quickly and easily configured to requirements with wire cutting tools. Basket tray installs faster than conduit systems and offers more flexibility and capacity.

APPLICATIONS

- Commercial Buildings
- Healthcare Facilities
- Schools/Universities
- Data Centers
- Laboratories
- Manufacturing Facilities
